Bite into Japan

The Original "Kittayatsu."

This signature burger is sliced vertically in half, then "seared a second time" on the cut surface using the exquisite juices that ooze from the 100% domestic beef patty.

The result is a deliciously crispy texture, while the halved shape makes it easier for women and children to enjoy.

Japanese-Style Hamburger

BRISK STAND burgers feature 100% domestic beef patties, seasoned with natural Japanese sea salt.

These Washoku-inspired (Japanese-style) burgers are served on additive-free,

whole-wheat buns made with milk, and topped with sweet, melt-in-your-mouth braised onions that evoke the flavor of Sukiyaki.

Patty

100% domestic beef patty.

No binders, only domestic natural salt.

The original flavor of the beef is rich, with very little salt added.

Contains sinew for a satisfyingly chewy texture.

Buns

Additive-free whole wheat buns are used.

No shortening or margarine.

Caramelized Onions

Our onions are simmered until sweet and tender, offering a unique Japanese-style finish.

These signature braised onions are the very heart and soul of BRISK STAND.

French Fries

Fresh potatoes from the market are parboiled and double-fried for a perfect crunch, then finished with natural Japanese sea salt.

Water

BRISK STAND's day begins with "making water."

We boil purified tap water in a kettle to remove chlorine and fluorine.

We also add iron to replenish iron content.

Three-Dish Plate

We use natural salt, fresh wasabi, and homemade domestic garlic soy sauce that we prepare in-house, to complement BRISK STAND's hamburgers.

Salt

Made with natural sea salt, never refined salt.

Syrup

We blend spices and simmer them in-house, then mix them with brown sugar to create our syrup.
